GPL Linux

AVI321 contains code which is developed by Third-Party-Companies and which are subject to the GNU General Public License
("GPL") or the GNU Lesser Public Licence ("LGPL").
The GPL Code used in AVI321 products is released without warranty and is subject to the copyright of the corresponding author.
Further source codes which are subject to the GPL-licenses, are available upon request.

- In compliance with the terms of GPL, AVTECH is pleased to provide our modifications to the Linux Kernel, as well as a few new commands, and some tools to get you into the code. The codes are provided on the FTP site, please download them from following sites:
- 1.   Kernel - ftp://211.22.74.18/GPL/AV071/kernel/kernel.tgz
- 2.   Application Tools -   ftp://211.22.74.18/GPL/AV071/app/app_tools.tgz

If you are unable or unwilling to download our modifications from those above FTP sites, you may instead request to receive a CD-R with our modifications. To do so, please send a written request to:

AV TECH CORPORATION

10F, E Building, No. 19-11, San Chung Rd.
NanKang, Taipei 115, Taiwan
Attention: Sales Department/GPL/Linux Source Code Request.

We will make the files available to you on electronic interchange or on a data carrier at your cost price within 4 weeks.
