High Resolution Recordings  
Push Video

## Push Video Stand-Alone NVR

### Features

#### HD Video Recording

- HD real-time recording brings users clear images while video recording and playback
- 1920\*1080 Full HD video output service, giving the best image quality on LCD / LED monitors

#### Multi-platform Remote Access

Fully compatibility on iPhone, iPad and Android mobile devices, and Internet Explorer® on Windows® operating system

#### Easy Upgrade to IP Surveillance System

With Plug-and-Play technology, the complicated network configurations are simplified in three steps.

#### High Compatibility and Offsite Backup

- Compatible with nearly every mainstream IP camera in the market
- Added NAS function to backup all kinds of IP cameras on the Internet
- Cooperating with CMS (Central management System) for offsite backup

#### Full HD TV Video Out

It supports 1920\*1080 Full HD video output service, giving the best image quality on LCD / LED monitors.

#### Smart Recording

It automatically adjusts the video resolution to optimize the recording efficiency of the hard disk.

#### Push Video - Active Event Notification (When Used with ETS IP Camera Series)

Push Video support to send an event notification to your iPad, iPhone and Android mobile device immediately once the specified event type is triggered, and play video recording once you confirm the receipt.

### Rear Panel
